CG Welcome Letter

Welcome

For more than three quarters of a century, the Third U.S. Army has served our country with honor and distinction. As the Army Service Component Command Headquarters of the United States Central Command (USCENTCOM), Third Army/U.S. Army Forces Central Command (ARCENT) remains our nation's only fully deployable numbered army. Deployable at a moment's notice anywhere a crisis arises, providing command and control for all U.S.

Army forces entering a theater of operations and establishing the linkages to the joint war fighting commander. Third Army is capable of performing as the Joint/Coalition Forces Land Component Command, or Command of a Coalition / Joint Task Force coordinating the combined efforts of all land forces within a theater of operations. Third Army has been functioning as USCENTCOM's Coalition Forces Land Component Command (CFLCC) since the beginning of Operation ENDURING FREEDOM (OEF).

Focusing primarily on the Middle East, Central Command and Third Army's area of responsibility (AOR) is a large and complex region. It stretches from the Central Asian States to the Horn of Africa. The AOR encompasses an area of approximately 6.5 million square miles consisting of 25 countries populated by over 522 million people speaking 12 major languages and representing seven major religions. Within this strategically important region lay the historical crossroads of three continents, the majority of the world's oil and natural gas reserves, and the primary maritime link between Europe and Asia. Resources, differing geography, religious influences, and historical conflict have shaped this region for centuries and continue to do so today.

In keeping with our National Security Strategy, Third Army supports U.S. Central Command through a Theater Security Cooperation strategy that encompasses the four fundamentals of the National Military Strategy. We assure friends and allies of U.S. resolve and ability to fulfill its security commitments and dissuade adversaries from pursuing courses of action that threaten U.S. interests or developing dangerous capabilities by maintaining a continued forward presence, conducting joint and coalition exercises throughout the region, providing humanitarian assistance when needed, developing close partnerships with responsible nations, assisting in de-mining efforts, and providing support to our sister services. We are prepared to rapidly respond by developing and executing war plans and contingency missions as required. This strategy provides the President with a wide range of options to deter aggression and coercion from a forward presence posture, and to decisively defeat any adversary if deterrence fails across the full spectrum of conflict.

Since Third Army's initial activation in November 1918, its soldiers have carved out a proud history highlighted by bold, decisive and mobile combat operations. Third Army's proud history includes being 'Patton's Own' during World War II. It is the same Army that

orchestrated the largest modern land battle in history, defeating the Iraqi forces during Operation DESERT STORM. It is also the same Army that responded to the September 11 attacks with commitment and action to root out and punish terrorists, and those who harbor, facilitate and finance them. With the support, and under the command and control of Third Army/CFLCC, our forces in Afghanistan have: driven the Taliban from power, allowing the establishment of a transitional government; captured hundreds of detainees, who are providing valuable intelligence about Al Qaeda; created the conditions that allowed schools and hospitals to re-open; and facilitated the airdrop of 2.4 million humanitarian food rations into Afghanistan.

Today, the soldiers of Third Army continue the proud tradition and distinguished heritage set by our predecessors. We stand watch to deter hostile and contentious governments who would disrupt peace and stability, assuring our coalition partners of our national resolve to end conflict whenever called upon to do so. Our motto, "Third...Always First" exemplifies the Third United States Army's commitment to foster peace and stability, but respond at a moments notice when needed.

R. Steven Whitcomb
Lieutenant General, USA
Commanding

Introduction

1. Welcome to the Third United States Army and the Coalition Forces Land Component Command (CFLCC) in Kuwait. Prior to your arrival in Kuwait, you will receive your welcome letter from the Commander, Special Troops Battalion (STB). The STB Commander will assign you a sponsor who will contact you prior to your arrival in Kuwait. Your sponsor is responsible for answering any questions you may have prior to departing the United States and for ensuring your smooth transition into the unit.
2. As soon as you get your orders, forward them along with your updated ORB/ERB to the STB S1, who can be reached at DSN 312-430-1448 or email <mailto:CFLCCSTB@arifjan.arcent.army.mil>. Be sure to provide the STB S1 and your sponsor with your travel itinerary to ensure that you are properly received from the Port of Debarkation.
3. The Third United States Army is home-based at Fort McPherson, GA. As the Army's only deployable field army-level HQ, it has forward-based a significant part of the HQ to Kuwait to form the Land Component Command for coalition forces in the CENTCOM AOR. Additionally, Third United States Army formed ASG-KU (formerly known as ARCENT-Kuwait) to provide Army forces within CENTCOM with garrison and area support throughout Kuwait. ASG-KU is a separate subordinate unit of Third United States Army/CFLCC, as are ARCENT-Qatar and the Third United States Army STB.
 - a. CFLCC. If you are assigned to the CFLCC staff, you will work with all coalition land forces in the CENTCOM AOR. All personnel on the CFLCC staff are assigned to the STB/HHC. The STB is a battalion-level headquarters for the CFLCC HQ and is the higher headquarters for Headquarters and Headquarters Company, Third United States Army and the Third United States Army Augmentation Company (TPU), as well as all company and detachment level units attached to the CFLCC HQs.
 - b. ASG-KU, which stands for Area Support Group-Kuwait provides garrison support for all Army installations in Kuwait. Just like any installation in the states, they have a DOL and a DPW.
4. New personnel assigned or attached to Third United States Army generally are assigned or attached to CFLCC HQs in Kuwait from three sources:
 - a. Personnel are permanently stationed at Fort McPherson and rotate to Kuwait in a Temporary Change of Station (TCS) status. This TCS is normally 4-6 months in duration. Sometimes mission requirements may dictate that personnel come to Kuwait in a TDY status.
 - b. Personnel are permanently stationed in Kuwait for a period of one to two years. PCS personnel in this case are either assigned to the CFLCC HQ or to ASG-KU.

c. Personnel are either active duty or reserve component Soldiers who are augmenting the Third United States Army staff as a worldwide augmentee or borrowed military manpower. These reservists are called to active duty for periods of up to 279 days.

Travel to Kuwait

1. PCS personnel traveling to Kuwait must coordinate their port call with their servicing installation. Your servicing installation will arrange for transportation from your origin to the port call destination, and from the port call destination to Kuwait. Travelers are generally authorized to travel in civilian clothing. You should dress comfortably since this will be a long flight (approx 16 hours plus transit time in Europe). When you reach your port call destination, claim your baggage at the baggage claim area for your flight, then check-in at the AMC desk located in the International Departures Terminal. You will need a copy of your port call and orders to check in at AMC. If flying on an AMC operated or chartered flight, the flight will stop at Rhein-Main AFB in Frankfurt, Germany for approximately 1-1/2 hours. While in Germany, you will deplane the aircraft while it is serviced for take off. Do not leave your valuables on the plane while in Germany. You will normally board the same plane that will take you to Kuwait. You will land at Kuwait City International (KCI) Airport in approximately four hours. Once you arrive at KCI, be prepared to wait on the aircraft until the buses arrive. Also, be prepared to wait on the buses until an escort arrives. All luggage will be loaded on a truck that will accompany the buses. The convoy of buses, luggage trucks, and escorts will take you from KCI to Camp Doha to begin RSOI. Camp Doha serves as the servicing personnel reception point for Kuwait.
2. TCS personnel traveling to Kuwait must coordinate their travel with their parent unit's servicing official travel office.
3. Passports and Visas. Passports are not required for official travel to Kuwait. All you need is a military ID card and your orders. We recommend that you obtain an official U.S. Passport as a Force Protection measure when traveling on commercial air. Go to the State Department website for information concerning passports. <http://travel.state.gov/passport/index.html> or visit your unit's servicing personnel office.
4. Uniforms. The duty uniform is the desert camouflage uniform (DCU). PCS personnel will be issued six sets of DCUs and two pairs of boots upon arrival. There is a limited amount of clothing sales items, but we recommend you bring a sufficient amount of brown t-shirts, socks, and sew-on (desert) badges. You will be issued the Third United States Army unit patch upon your arrival. You will need the complete Army Physical Training uniform, including sweat top, bottom, black watch cap, and gloves. Civilian attire is required for off-post wear unless on official business, although off-post travel is severely restricted. Tank tops, t-shirts, jeans-style pants, and shorts can only be worn on-post. You should bring conservative slacks and shirts with collars (long or short sleeve) for wear when off-post and off-duty.
5. Security Clearances. Due to the nature and location of Third United States Army/CFLCC operations, a security clearance is required to access the CFLCC HQ. Therefore, all personnel in CFLCC should ensure their security clearance is up-to-date prior to arrival in Kuwait. Ensure that you bring a memorandum from your Security Officer verifying your security clearance. Soldiers without at least an interim secret security clearance should contact Human Resources Command before departure, as a lack of clearance will be severely restrictive and could prohibit the Soldier from serving in the Headquarters.

6. Personnel, Medical, and Dental. Conduct a thorough preparation for overseas reassignment before you leave the United States. Have your medical records screened to see if you need any pre-deployment immunizations (anthrax and smallpox are mandatory). Make sure you have enough prescription medicine for the length of your stay plus some extra in case you are extended. If you wear glasses or contacts, get your prescription updated and bring two pairs of glasses and protective mask inserts. If you need any dental work, get it done before you depart. Emergency and limited routine dental care is the only dental care available here. Update your SGLI and Emergency Data at your personnel office and bring those with you for in-processing. If you are eligible for promotion or school, be sure to update your ORB/ERB and DA Photo prior to leaving. See the SJA to review your will and to prepare any Powers of Attorney your family members may need.

7. What to bring and not bring? See Annex A for a packing list of suggested items to bring. There is not a lot of storage area in Kuwait for miscellaneous items, such as furniture or major appliances. Make sure your baggage is clearly marked and easily identifiable. Ensure that your luggage does not identify you as an American or a service member. Below is list of items not to bring:

- a. Pornographic materials or printed materials that could be interpreted as offensive to our host nation in any way.
- b. Alcoholic beverages.
- c. Illegal drugs or expired prescription drugs.
- d. Clothing that is revealing or suggestive in nature.
- e. Clothing that is worn, tattered, torn, or has printed slogans that could be interpreted as offensive to our host nation in any way.
- f. Personally owned weapons.
- g. Pets.

RSOI and In-Processing

Once you arrive at Camp Doha, you will begin RSOI. RSOI is run by ASG-KU in Camp Doha and is intended to start your in-processing and orient you to the current situation.

The first step is to swipe your ID card with the Personnel Section to account for all personnel entering the theater. PSS will ask you what unit you are with. Unless you know that you are going to a CFLCC downtrace unit, such as a signal unit, you are assigned to CFLCC HQs.

The next step is to receive your in-country briefing. During this briefing, you will be oriented to the current situation in this theater of operations. Review the Rules of Engagement and Arming Stances. You are now in a combat zone.

Following the briefing, you will link up with your sponsor or unit representative. They will take you to retrieve your luggage and transport you to Camp Arifjan. Camp Arifjan is located approximately 40 miles south of Camp Doha, which is located in Kuwait City. If for any reason you do not link up with your sponsor/unit representative or do not have your luggage, contact the PSS representative that conducted the RSOI. There are temporary lodging and meals at Camp Doha to get you through till the next day.

Once you arrive in Camp Arifjan, you will begin your unit and installation in-processing phase. If you arrive after duty hours, your first stop will be the housing office to arrange for billeting. This billeting will most likely be temporary until suitable housing becomes available.

In-Processing. All personnel assigned or attached to the CFLCC HQs must in-process through the STB S1 office. In-processing will take approximately one week to complete. Ensure that you receive a copy of the STB Customer Service SOP from the S1. This Customer Service SOP provides details that will ensure a smooth transition into CFLCC and ASG-KU.

Finance Entitlements

Finance entitlements change when a soldier is deployed to Kuwait. The following provides soldiers with information to plan for their finances while stationed in Kuwait. This information may change so check with the Finance Detachment upon your arrival.

a. Basic Allowance for Subsistence (BAS). For soldiers who deploy in a TCS status, BAS will continue to be paid for soldiers who were receiving it prior to deployment. Those soldiers who were receiving Barracks rate BAS or Partial rate BAS; their BAS will be changed to full rate for the period of the deployment. For soldiers who deploy in a PCS status, BAS will stop for E6 and below.

b. Incidental Portion of the Per Diem Rate. Soldiers in a TCS status will be entitled to a \$3.50 per day incidental expenses payment and must file a TDY voucher (DD Form 1351-2) upon redeployment to their home duty station. The monthly per diem payments will be paid upon completion of the deployment. Every soldier will submit a DD Form 1351-2, travel voucher, for payment.

c. Hostile Fire Pay. Parts of Southwest Asia are designated as hostile fire pay areas. It is payable in the full amount of \$225 (effective 021001), not pro-rated or reduced, for each month, during any part of which, a soldier qualifies. Entitlement will start upon arrival and terminate upon departure.

d. Hardship Duty Pay (supersedes foreign duty pay or SAVE PAY). \$100.00 a month/\$3.33333 per day, effective 030401 to all soldiers in Kuwait and Qatar. Pro-rated on a 30-day basis. Entitlement will start upon arrival and terminate upon departure.

e. Family Separation Allowance (FSA-T). Paid when soldiers are involuntarily separated from their legal dependents for more than 30 consecutive days. Must submit a family separation form (DD Form 1561), entitlement is \$8.33333 per day not to exceed \$250.00 per month (effective 021001).

f. Combat Zone Tax Exclusion (CTZE). Military pay of enlisted soldiers is not subject to withholding of Federal and State income tax. Beginning April 1, 1996, the pay of commissioned officers not subject to withholding was capped. Pay earned up to the highest rate of pay payable to any enlisted soldier plus the amount of hostile fire pay is not subject to withholding of Federal and State income tax.

g. Leave and Earnings Statement (LES). LES and Net Pay Advice will be sent to soldiers at the deployment site. A duplicate LES can be printed for a spouse upon request at the soldier's Permanent duty station.

h. Savings Deposit Program (SDP). Individuals may deposit amounts not to exceed their un-allotted current pay and allowances (their net pay after all deductions and allotments are subtracted). Money may be deposited in the program by cash, personal check, money order or allotment. Deposits may be discounted or withdrawn at any time. This program earns 10%

interest per year-compounded quarterly (2.5% per quarter). The maximum amount that may accrue interest is \$10,000. Once per quarter, individuals may request the money in their account in excess of \$10,000. The money must be withdrawn 90 days after leaving the designated area; interest will accrue 90 days after the end of the deployment. Once the individual has permanently departed the designated area, they may close the account and receive the entire amount in the account. To receive the funds, the individual must write a letter requesting the funds with the following information: full name, social security number, and mailing address or bank account information to: DFAS Cleveland Center, ATTN: Code FMAA, 1240 E. 9th Street, Cleveland, OH 44199-2055.

Lifestyle in Kuwait

1. Housing. All billeting will be provided by DPW Housing Office (Bldg 313), which is open 24 hours a day, seven days a week. All personnel will sign for their room key at the housing office and are expected to abide by housing rules. The current policy places PCS personnel in two room suites and most TCS personnel in open bays. As new housing is constructed, this policy will change.

2. Meals. There are two Dining Facilities on Camp Arifjan; one is in Zone I, and the other in Zone II. Both have identical serving hours and are within reasonable walking distance of all locations on Camp Arifjan:

- Breakfast 0500-0800
- Lunch 1130-1330
- Dinner 1700-2000
- Midnight 2330-0100 (Zone II only)

3. Mail. The Post Office is located in the PX Building and is open daily from 0700-1900. If you are sending a package, make sure it is inspected prior to sealing the box. Outbound mail from Kuwait that weighs less than 13 ounces is postage free, but inbound mail to Kuwait requires postage. See the section on Staying in Touch.

4. Laundry. Most buildings that house soldiers have a laundry room that is free of charge. All that is required is laundry soap and dryer sheets. The installation also has a Free Laundry service with a three-day turn around, located in the PX building in Zone I. The Free Laundry is open daily, except Friday, from 0645-1200 and 1300-1700.

5. Recreation. Camp Arifjan has an active MWR program that includes a community center, theater, and fitness center.

a. MWR Program. ASG-KU is responsible for providing MWR support for Camp Arifjan. The MWR Program provides activities for soldiers to include: sports tournaments, concerts, classes, games, and festivals. The schedule for MWR activities is published monthly.

b. The Community Center (Bldg 120) is open daily from 1000-2300. They offer the following:

- (1) Club Mirage with wide screen televisions and satellite
- (2) Pool Room with pool table, air hockey and foosball tables
- (3) PS2 Room with ten Play Station 2 machines and a ping pong table
- (4) Movie Theater with show times at 1800 and 2000 nightly.

c. The Fitness Center (Bldg 130) has a wide range of available activities including: swimming, basketball, volleyball, horseshoes, weights, aerobics, racquetball, and tennis. The Fitness Center is open daily from 0500-2400. The swimming pool, located adjacent to the Fitness Center is open daily for lap swim from 0500-0700 and for the public from 1000-2200.

d. The library is located in the PX building and is open daily from 1000-2200. Internet access is available.

e. The free video checkout is located in the PX building and is open daily from 1000-2200. They mainly have VHS tapes, but there is a small DVD collection.

6. Post Exchange (Bldg 134). Camp Arifjan has two PXs, one is located in Zone I, and the other in Zone II. Both are open 0900-2100 and accept debit/credit cards, cash, and check. Check cashing is available in the Zone I PX. Other services available: ATM machine, barber shop (Zone I & II), Alterations, and two Food Courts with a Subway, Pizza Inn...etc.

Staying in Touch

Although far from home, there are ways to stay close to your family and friends during your tour of duty in Kuwait.

a. Mail. Every location where our personnel are located has a full service APO to provide a full range of services including: sale of postage stamps, mailing packages, money orders, and priority mail options. Letters normally take a week to arrive to destinations in the United States (standard First Class postage). Packages mailed First Class rate normally take 7-10 days, while those mailed at discounted Space Available Mail (SAM) can expect to take up to 30 days to arrive in the United States. Additional mail delays should be expected during the holiday mailing periods due to volume in the military mail channels. There is an increase in alcohol and pornographic material being mailed to deployed forces in the U.S. Central Command Area of Responsibility. This violates U.S. CENTCOM General Order Number 1A and the U.S. Postal Service Policy pertaining to non-mailable items for the Middle East geographical area. **Sending alcohol, pornographic materials or other prohibited items through the military postal system is punishable under the Uniform Code of Military Justice, Article 92.** As a result of these violations, customs officials now open all parcels for inspection, causing a slowdown in the processing time and the forward movement of the mail. Your sponsor will provide you your specific mailing address before you depart your old command.

b. Electronic Mail. This is the most popular method for soldiers to stay in contact with their friends and families due to the time zone differences. Internet access is available from a variety of locations to include: work, Internet café, library, and Zone I housing. Rules and procedures restrict the personal use of government systems and services to ensure they do not interfere with official functions, and do not violate content restrictions.

c. Phone Calls. Each soldier is allowed to use the military DSN network for two 15-minute phone calls each week during off duty hours here and at the installation closest to the destination called. Long distance calls from the closest installation must be charged to a personal phone calling card. An AAFES Phone Center is also available to make collect or phone card calls.

- Dial the DSN operator at the nearest installation
- Tell the operator you are making a morale call from Kuwait and to connect you to the appropriate phone number.

d. Calling from the States. After you arrive, you will be assigned to a section and a working location. Both will have official DSN telephones, which can be used for your morale call or for emergency contact by your family members. For valid emergency notification, the best method is for your family members to use the International Red Cross/Red Crescent by contacting the local representative to forward an official message to the local office here in Kuwait. Have your family member check the Yellow Pages for the nearest Red Cross location.

- From Home: Dial 011-965-389-XXXX (XXXX is the last four digits of the DSN phone number). This will bring you to a recording, which welcomes you to the DSN Switch Board and asks you to enter the telephone number.
- From DSN: Dial 318-430-XXXX (XXXX is the last four digits of the DSN phone number).

Due to current availability of quarters, TCS and WIAS soldiers can expect to temporarily live in open-bays or tents. Building 149 in Camp Arifjan (shown below) is used for housing of non-PCS personnel.

Living quarters for TCS and WIAS soldiers assigned to CFLCC HQs are in Building 507 located on Camp Arifjan, Kuwait consisting of 396 rooms in a retrofitted warehouse, which is subdivided into four sections separated by an upper and lower floor and a central firewall. These sections are labeled A-D and contain rows of individual or double occupancy dorm style rooms. The first floor sections contain 90 double and 16 single rooms per section, and the second floor sections contain 90 double rooms per section. All sections have a common latrine and laundry facility. Female latrine and shower facilities only exist on the southern sections on both the first and second floor. Each room provides eligible tenants with a single bed, mattress, wall locker, and linen. Occupants in each room will have access to a desk, chair, wastebasket, refrigerator, and television.
